Adaptable Table Solutions

SYMPHONY.

ZOEY

An environmentally sensible table solution united by a single design that enhances your learning, meeting, working, and dining spaces.

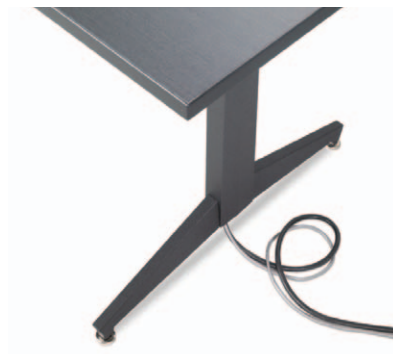

The inspiration for Symphony's first design – Zoey

Integrated vertical and horizontal wire management

Polished Aluminum

Natural Aluminum

Bases available in Natural Aluminum or powder coat finishes. Cast aluminum feet and T base columns are available in polished aluminum finish (X base column not available in polished aluminum finish).

Zoey bases have a 57% initial recycled content and are 99% recyclable (by weight)

15", 21", 27", and 33" C and T base versions with fixed or flip tops at lounge, standard/dining, custom, or adjustable height on glides or casters for 18" –42" deep tables

Beni, Aya, and Asti are just some of the numerous power+data solutions available.

21", 27", and 33" X base versions with fixed or flip tops at lounge, standard/dining, or bar height on glides or casters for 24"–42" tables
